

## ALLERGEN INFORMATION

As part of our commitment to you, we provide the most current allergen information available from our food suppliers on the nine common allergenic foods. These foods include egg, fish, milk, peanuts, shellfish, soy, tree nuts, wheat, and sesame. In addition, we identify menu items with gluten-containing ingredients.

Because we have multiple sources of allergens in our shared cooking and prep areas, including common fryer oil, **we are unable to guarantee that any menu item can be completely free of allergens.** In addition, we use highly refined soybean oil in our fryers, which the FDA exempts from being labeled an allergen.

Due to the complexity of our ingredients, other allergenic foods may be present in a menu item, but not declared on this handout or menu. For our guests allergic to those foods not declared on this handout, please call Fuzzy's Taco Shop Guest Relations 1-888-510-8226 for detailed ingredient information.

Some menu items may not be available at all restaurants. Limited time offers, regional items, or test items may not be included. Allergen information is applicable to U.S. restaurants only. The allergen information on this document is subject to updates. Please check back regularly each time you dine with us, so that you are getting the most up to date allergen information.

**This information is applicable 8/31/2026.**
